

Memorandum

Date: November 3, 2015

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Request for Additional Time and Expenditure Authority to Prequalification Pool No. 9064-2/15-2, Drafting, Engineering and Art Supplies

Agenda Item No. 8(F)(4)

Recommendation

It is recommended that the Board of County Commissioners (Board) approve this request to extend *Prequalification Pool No. 9064-2/15-2, Drafting, Engineering and Art Supplies*, for five (5) additional years and increase expenditure authority by \$1,444,000. This pool was established on December 1, 2009 for a two-year term, with two (2) two-year options to renew, through Resolution No. R-1367-09 for use by multiple County departments to purchase various art-related supplies. The supplies include, but are not limited to, rolls of banner and laminating material; foam and gator boards; foam tape; rolls of velcro; and engineering paper and drafting tools.

The requirements and terms and conditions of the pool would not change if a replacement solicitation were to be issued, and it is anticipated that the same vendors would prequalify for the replacement solicitation. Additional qualified vendors may be added to the pool at any time during the term of the pool award, subject to bi-annual ratification by the Board. This prequalification pool will remain advertised on the County's Procurement Management Services website to encourage additional participation. Outreach to registered firms was conducted to increase the number of prequalified firms.

It is in the County's best interest to modify the existing pool for an additional five-year period so user departments are able to continue acquiring these supplies.

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

The contract is currently in its final option to renew term of two (2) years, which expires on December 31, 2015 and has an existing allocation of \$938,000. The requested allocation of \$1,444,000 is based on anticipated usage during the five-year extension period. The yearly allocation for the extension period is lower than the current contract's yearly allocation due to a reduction in anticipated usage (i.e., the requested allocation is consistent with the purchase orders released during the current term).
